a year ago, and there has been a year to come through with these excuses or these arguments, not excuses, arguments towards the bill, and if we could pass it over to Select, at least we would have it in a position to pass it if they needed something done in an immediate nature. I would agree with you on Select to bracket it over there but not on General, if we could pass it over to that, get it off the first step.

SENATOR DeCAMP: What the heck, go ahead. Bracket it on Select, if it gets over there. I will make the motion then. I will withdraw the unanimous consent motion now, let him try to move it, which I will vote against. Then if it moves, I will move to bracket it on Select.

PRESIDENT: We will be waiting with bated breath. We are still discussing the Barnett amendment. The question is the adoption of Senator Barnett's amendment. Record your vote. Have you voted? Please vote. Record.

CLERK: 19 ayes, 12 nays.

PRESIDENT: Motion fails. Senator Fowler.

SENATOR FOWLER: Well, Senator Barnett suggested we kill the bill. I think we should just bracket it. Let Lancaster County try and explain to some people like Senator DeCamp what the bill is for. I think he is hallucinating again, seeing bugaboos behind doors, but we will give him a little time to sort things out so I would just suggest that we bracket it.

PRESIDENT: Are you asking for unanimous consent to bracket? Is there an objection? Seeing none, it is so ordered.

CLERK: LB 587 introduced by the Education Committee and signed by the members thereof. Read title. There are no Committee amendments pending or other amendments.

SENATOR F. LEWIS: This has been a long series of non-controversial bills. This bill simply allows school districts not to have to take an annual census but be allowed to keep an updated continuous file and have a permanent census. It saves money. Every year they have to hire people to go out and take the same census of information that they already have. It is a very simple bill and I would ask you to move it.

PRESIDENT: Senator Murphy.

SENATOR MURPHY: All right, old bow and arrow friend, what became of Districts 5 and 6, Senator Lewis, if I may? Doesn't this revise 1, 2, 3 and 4?

SENATOR F. LEWIS: Five is Omaha and they are under a different law and six is Class 6 and they are under a different law, as I understand it.

SENATOR MURPHY: I am sorry. I didn't understand you.
